

Advaiya and Crayon Host Customer Roundtable to Explore Cloud Security and Modern Workplace Solutions

Category: Business

written by | November 12, 2024

Advaiya, a leader in technology solutions, and Crayon, a global leader in software asset management, today announced the organization of a Customer Roundtable designed to empower businesses in navigating the evolving landscape of cloud security and modern workplace technologies. The event will take place on November 15, 2024, at Microsoft's Gurugram office, providing a platform for business leaders to explore the transformative potential of Azure and the importance of robust cloud security measures.

Empowering workplaces with cloud and security

This exclusive event aims to connect [business](#) owners, CEOs, CFOs, Heads of IT, Heads of Sales, and Chief Procurement Officers (CFOs) from small to mid-sized companies, fostering discussions around cutting-edge solutions that can drive business growth.

*“As organizations increasingly adopt cloud [technologies](#), ensuring security and efficiency is paramount,” said **Vikram Jain, Practice Director at Advaiya**. “This roundtable will offer invaluable insights into enhancing cloud security frameworks, leveraging modern workplace tools for collaboration, and optimizing operations through Azure.”*

Participants can expect a dynamic agenda featuring interactive discussions and expert insights, including:

- **Enhanced Cloud Security:** Strategies to protect sensitive data, avoid common security pitfalls, and achieve compliance with industry standards.
- **Increased Workplace Efficiency:** Exploration of [innovative workplace technologies that facilitate seamless collaboration and boost productivity](#).
- **Azure’s Transformative Potential:** Insights into how Azure’s extensive capabilities can drive innovation and scalability for [businesses](#).

â□□

The [roundtable will feature presentations from industry leaders](#) and experts, including Vikram Jain, Practice Director at Advaiya, Kamal Kant Paliwal, Principal at Advaiya, and Deepesh Belwal, Partner Program Manager at Crayon. Attendees will have the opportunity to participate in an open discussion and Q&A session to address specific challenges in their digital transformation journeys.
