Crompton Greaves Consumer Electricals Ltd. (CGCEL), one of India's leading consumer electrical companies, has been awarded the prestigious CII Green-Pro Certification for its ceiling fans at the Annual Green-Pro Summit 2024. This recognition highlights Crompton's commitment to developing energy-efficient and environmentally friendly products.

Crompton being awarded the CII Green-Pro Certification

The CII Green-Pro certification is essential in promoting sustainable practices in [India](#), offering a reliable framework for assessing the environmental impact of products. It utilizes a [life cycle](#) approach to evaluate factors such as resource consumption, energy efficiency, emissions, and waste generation, from raw material extraction to disposal. Products

that satisfy the stringent Green-Pro criteria [receive certification](#), assuring consumers of their eco-friendliness.

The Green-Pro Certification was awarded to Crompton during the summit, which was attended by [industry leaders](#) and sustainability experts who convened to discuss best practices and trends in environmental sustainability.

Speaking on the occasion, **Tushar Oval, Product Marketing Head at Crompton**, expressed, “We are happy to [receive the CII Green-Pro Certification](#) for our ceiling fans. *This [prestigious award reinforces our commitment to sustainability and innovation](#). We firmly believe that creating energy-efficient products is essential not only for our [customers but also for the environment and the future](#) ahead. Our dedication to environmentally friendly practices is deeply rooted in every aspect of our operations. This recognition serves as a strong [motivation](#) for us to continue advancing our efforts in developing products that make a positive impact. As we look to the future, we remain committed to maintaining and enhancing the standards of [sustainability](#) that have brought us this honor.*

Crompton’s ceiling [fans not only provide comfort but also help reduce energy](#) consumption, contributing to a lower carbon footprint. The company’s focus on sustainability is [reflected](#) in its various initiatives:

Life Cycle Assessment: Comprehensive evaluations of product life cycles to minimize environmental impact.

[Energy Efficiency](#): Commitment to developing products that consume less energy while delivering high performance.

Resource Management: Responsible sourcing of materials to reduce waste and enhance efficiency.

[Employee Engagement](#): Training and awareness programs to empower employees in sustainability efforts.

Continuous Improvement: Ongoing assessments and improvements to maintain compliance with environmental standards.

The CII Green-Pro Certification is a significant milestone for Crompton as it continues to lead in [sustainable practices](#) in the consumer products sector.

The Confederation of Indian Industry (CII) is committed to cultivating an environment that facilitates [India's development by working alongside industry](#), government, and civil society through advisory and consultative processes.
