This prestigious recognition solidifies Octanom Techs position as a key player in the global financial [technology](#) sector. The announcement was made on the Forbes [India](#) website and across its social media platforms, highlighting Octanom Techs trailblazing efforts in empowering traders and reducing investment losses worldwide.

### **About Octanom Tech**

Founded by visionary financial expert Rahul Ghose, Octanom Tech is on a mission to revolutionize [investment](#) risk management. *“This recognition from Forbes [India](#) validates our vision of building technology solutions that transcend geographical boundaries,”* says **Rahul Ghose, the Founder & CEO of Octanom Tech**. *“Our focus has always been on developing scalable, [innovative solutions that address global](#) challenges while maintaining the agility of a technology-first company,”* said **Rahul Ghose**. *“The company aims to reduce global investment losses by \$100 billion, one hedge at a time.*

Octanom Techs flagship platform is Hedged.in, stands as [Indias](#) first “Hedged Style” trading and investment solution, focusing

uniquely on mitigating losses rather than merely maximizing profits. Hedged” has been designed to empower both retail traders and HNI’s with innovative structured products to minimize risks through market downturns and market volatility, positioning it as a standout in the crowded [financial services](#) market.

The Hedged platform today not only creates low risk structured products, but also marks one of [India’s finest order execution engines that the company](#) has proprietarily built from scratch. *“We wanted to protect our users in the execution stage as well and not only with our [innovative finance products,](#)”* said **Rahul Ghose of Octanom.**

As the only platform that prioritizes loss reduction over profit generation, Octanom Techs pioneering approach marks a 180-degree shift from conventional [financial strategies](#).

## **Future Outlook**

As part of the Select 200 cohort, Octanom Tech joins a distinguished group of companies that represent Indias next wave of global [business](#) leaders. The recognition is expected to accelerate the companys international [growth plans](#) and foster new partnerships across global markets. The formal announcement was made at the prestigious DGEMS 2024 summit held at Taj Palace, New Delhi, [marking a significant milestone in Octanom Techs journey toward global](#) leadership in technology innovation.
