

Metrix to bring together Industry Leaders to Discuss Growth Opportunities of Rs 3.50 Lakh Cr. Market for Home Products

Category: Business

written by | December 2, 2024

The rapid pace of urbanization and increasing household incomes are paving the way for significant opportunities in the home products sector, including home appliances, electrical systems, lighting solutions, modular kitchens, and paints. In light of this promising landscape, Metrix Research & Analytics, a frontrunner in retail analytics and insights, is set to host a National Industry Conclave on Tuesday, December 3, 2024. This meeting will see industry leaders share strategic insights and explore avenues for growth under the

theme “Identifying Growth Opportunities for Home Products”.

Metrix Home Products Industry Conclave

The Home Products industry is actively exploring [growth opportunities](#) and ways of adapting to evolving market trends and consumer behavior. With [India's](#) average per capita disposable income growing by 13% in FY23, even more consumers are now doing up their home interiors and purchasing high-quality appliances. **Ejaz Hoda, Director & CEO of Metrix Research & Analytics**, highlighted the importance of industry collaboration, saying, *“Today’s Home Products market is at a crucial juncture. The sector is ripe for continued [growth](#), but to fully realize its potential, it’s vital for key players to recognize paradigm shifts and adapt to emerging market realities.*

With the emergence of significant trends related to increasing proportion of working couples, food delivery and spread of quick commerce, higher consciousness about sustainability and widespread adoption of [technology](#) are transforming the

expectation from home products. This industry is poised for even higher levels of [innovation and growth](#). Metrix Research & Analytics is playing a critical role in this transformation by equipping [businesses](#) with knowledge of consumer trends and data-driven solutions that enable smarter decision-making and sustained growth. **Dinesh Aggarwal**, an industry veteran and formerly CEO, RR Kabel Ltd and erstwhile Joint Managing Director, Panasonic Life Solutions, said, *“Metrix Research & Analytics is a reliable partner for [businesses](#) and has been offering a deep understanding of retail markets and access to proprietary datasets for 20 years. It empowers companies to [navigate](#) complexities and seize opportunities with confidence.*

Highlighting the industry’s evolution, **Biswabaran Chakrabarti**, **President**, [Business Operations & Advisory at Metrix Research & Analytics](#), said, *“We stand at a critical moment where technology and sustainability intersect. We see this as an exceptional opportunity to discuss with industry players, address challenges, and deliberate on solutions that align with the values of today’s eco-conscious consumers.”*

The [Industry Conclave promises an engaging](#) lineup of keynote addresses, panel discussions, and interactive sessions, featuring prominent thought leaders and experts from the home products domain. These discussions aim to equip attendees with actionable insights to address [industry challenges and leverage emerging opportunities](#).

Positioned as a landmark event for home products, the conclave is designed to foster collaboration, encourage knowledge sharing, and inspire stakeholders to explore forward-thinking [business](#) models and strategies for a sustainable and dynamic future.
