NoPaperForms, the leading Vertical SaaS and Embedded Payments Platform for educational institutions, has been recognised as a winner in Deloitte's 2024 Technology Fast 50 India programme. The accolade highlights the fastest-growing technology companies in India, based on revenue growth over the past four years. This is NoPaperForms second recognition in the prestigious ranking, having previously featured in 2020.

*"Winning the Deloitte Technology Fast 50 India Award is a moment of pride for everyone at NoPaperForms," said **Naveen Goyal, Founder and CEO**. "This recognition reflects the relentless efforts of our team, our partners, and our community of MeritMakers. It's a testament to our unwavering commitment to empowering educational institutions with innovative solutions that truly make a difference. Our mission to simplify student recruitment and enrollment processes using technology is just getting started."*

*"Making it to the Deloitte Technology Fast 50 India ranking is a testament to a company's commitment to technology," remarked **Peeyush Vaish, Partner and TMT Industry Leader, Deloitte India**. "With its work, NoPaperForms has proven that its leadership has the vision, determination, and ability to adapt and grow in a fast-changing environment. This achievement underscores their focus on innovation and impactful transformation."*

NoPaperForms empowers educational organizations through its

unified technology platform that spans the entire lifecycle of an institution's operations-from student recruitment and enrollment to payments and financial management. With solutions like **Meritto**, an operating system for student recruitment, and **Collexo**, a suite of payment and financial tools, NoPaperForms is setting new benchmarks for efficiency, growth, scalability, and security in the education sector.

The company's success is rooted in its innovative approach to solving sector-specific challenges. With its deep understanding of the education ecosystem, NoPaperForms collaborates closely with institutions to create scalable, user-friendly solutions that enhance operational efficiency and student engagement. Its vision extends beyond technology, focusing on fostering accessibility, efficiency, and improved outcomes for students and institutions alike.

The Deloitte Technology Fast 50 programme celebrates companies that combine growth, innovation, and resilience. NoPaperForms' continued inclusion in this elite group reflects its commitment to driving transformative impact in the education sector and scaling its operations while staying true to its mission.

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more. All the facts and figures that talk to our size and diversity and years of experiences, as notable and important as they may be, are secondary to the truest measure of Deloitte: the impact we make in the world. So, when people ask, “what’s different about Deloitte” the answer resides in the many specific examples of where we have helped Deloitte member firm clients, our people, and sections of society to achieve remarkable goals, solve complex problems or make meaningful progress. Deeper still, it’s in the beliefs, behaviours and fundamental sense of purpose that underpin all that we do. Deloitte Globally has grown in scale and diversity- more than 450,000 people in 150 countries, providing multidisciplinary services yet our shared culture remains the same.
