

Sattva Consulting and StepChange Forge Strategic Partnership to Revolutionise ESG Data Utilisation

Category: Business

written by International Khabar | February 27, 2025

Sattva Consulting, a global impact consulting firm renowned for its deep expertise in driving societal impact at scale, has announced a strategic partnership with StepChange, a cutting-edge climate-tech enterprise SaaS platform. This collaboration is designed to empower organisations across India to unlock the full strategic potential of their Environmental, Social, and Governance (ESG) data, drive long-term value creation, and accelerate their journey toward ambitious Net Zero targets.

In today's dynamic ESG landscape, corporate sustainability is a critical business and regulatory imperative. This partnership comes at a pivotal moment, offering a comprehensive solution that combines robust data collection, transformative technology for precise ESG analysis and reporting, and deep expertise to convert insights into actionable, tailored strategies for improved sustainability performance.

"Our partnership with StepChange is a testament to our commitment to bridging the gap between sustainability vision and real-world implementation," said **Srikrishna Sridhar Murthy, Co-founder and CEO of Sattva Consulting**. *At Sattva, we have built a strong [foundation of expertise in addressing a wide range of sustainability](#) challenges while driving societal impact. By joining forces with StepChange, whose innovative platform perfectly complements our strengths, we are poised to*

empower companies to design and implement effective ESG strategies. This collaboration will not only benefit individual enterprises but also contribute to creating a more resilient and sustainable ecosystem in India.”

*“StepChange is driven by the vision of harnessing technology to unlock the full potential of ESG,” said **Ankit Jain, Co-Founder and CEO of StepChange**. “Our partnership with Sattva marks a significant step forward in this journey. By integrating our science-backed platform with Sattvas extensive industry expertise, we are creating a powerful synergy that enables [businesses](#) to navigate the complexities of sustainability with clarity and precision. This partnership is about empowering organizations to leverage their ESG initiatives as a catalyst for strategic growth and long-term value creation.”*

ESG is increasingly emerging as a [key growth](#) accelerator for Indian companies. As [businesses](#) embed sustainability into their core strategies, they are tapping into new market opportunities and attracting investments-factors that are strengthening their competitive edge in an evolving regulatory landscape. Through this strategic alliance, enterprises can expect significant, measurable impact. By implementing tailored ESG strategies, organisations will be well-positioned to reduce emissions, capitalise on emerging opportunities, and drive long-term value creation in today’s sustainability-focused global economy.
