Somkiat Chantra

2025 will be my first MotoGP season, a milestone for Thailand. The support from SOLIZE, a company with plans to expand and be present in Thailand, is important in this new journey of my sporting career. I am extremely proud to represent both my country and SOLIZE. I want to thank them for their unwavering support; I will give my best.

Yasutoshi Kudo, President & CEO, SOLIZE Corporation

SOLIZE conducts its everyday business activities with the corporate philosophy of “True evolution you can experience”. We define “evolution” as “exponential growth transcending existing boundaries” and “not as passive change responding to environmental change, but as proactive change made by the initiative of individuals”. We believe Somkiat Chantra’s promotion to MotoGP is proactive change made possible through his initiative, which embodies our idea of “evolution”. SOLIZE, on our part, is planning to establish SOLIZE (Thailand) Co., Ltd. in February of this year as the first step in our “evolution”. We support IDEMITSU Honda LCR and

Somkiat Chantra as partners who are taking on the world from Thailand in 2025 aiming for the next stage in the “evolution”.

Yusuke Inoue, Senior Executive Officer, SOLIZE Corporation

As a partner in taking on a large challenge, I’m thrilled that Somkiat Chantra’s debut in MotoGP as a Thai racer coincides with the launch of SOLIZE (Thailand) Co., Ltd. I’ve also participated in the Motocross World Championship as the head of development, where I was fortunate enough to have had a front row seat to seeing top-level racers take on the world. This experience has given me a deep appreciation for the extraordinary effort Somkiat had to put into competing as a rider in MotoGP. SOLIZE will be supporting IDEMITSU Honda LCR and Somkiat throughout the season through this sponsorship agreement.
